ndad.org

In addition to NDAD's direct financial assistance for organ transplant recipients and donors, NDAD also administers the North Dakota Organ Transplant Fund.

The state Legislature established the fund in 1991 to help its residents alleviate demonstrated financial needs related to transplant-related costs normally not covered by insurance.

Dollars for the fund are generated from state income tax refunds of less than \$5.00.

If you or someone you know is in need of financial assistance for costs associated with an organ transplant, contact an NDAD office near you.
