For a financial assistance application or other NDAD resources, please visit **ndad.org**. Friend us on **Facebook** and follow us on **Twitter**.

Our mission is to
enhance
the **quality of lives**
of individuals
facing health challenges.

Every day we see people with disabilities and health challenges proving that they can live more satisfying, productive lives with access to the right resources. And every day, we see people who can help. This "can do" spirit is why NDAD is here, helping others to help themselves.

NDAD is a statewide, charitable nonprofit organization helping people with a wide range of disabilities and medical needs in North Dakota and neighboring communities. From specialized equipment or prescription medications to other costly medical travel or services, NDAD's goal is to relieve the financial burden of our clients so they can focus on their health.

NDAD provides assistance on a priority basis according to established guidelines. We collaborate with local, state, and federal programs to complement their services without duplication.

It's **amazing** what
people can do
when there's **help.**

NDAD

helping others to help themselves

Organ Transplant Fund

NDAD administers the North Dakota Organ Transplant Fund for transplant recipients and donors. This fund helps individuals alleviate costs associated with a transplant not normally covered by insurance.

Information, Referral and Advocacy

Often people are unaware of available services or how to get help. A major goal of NDAD is to assist people in receiving help through other agencies whenever possible.

NDAD supports the rights of people with disabilities, doing all we can to ensure they receive services from the appropriate agencies. When appropriate, we will refer to disability advocates based on an individual's needs.

Adaptive Recreational Events and Activities

NDAD understands the importance of physical activity for individuals with disabilities. That's why we sponsor the annual Escape to the Lake Extravaganza, which provides individuals with physical disabilities the opportunity to water ski and enjoy a recreational summer day on the lake. NDAD also sponsors qualifying individuals with access to other adaptive recreational activities such as swimming lessons, sled hockey, bowling and more! Contact your local NDAD office for more information. *Restrictions apply.*

Community Fundraising Projects

NDAD is a resource for community fundraisers, which can provide assistance for medical bills, pre-existing bills, and other costs related to health challenges. NDAD provides consultation, acts as custodian of the funds, and pays expenses from the fund as directed by the chairperson of the fundraiser committee. NDAD is a 501(c)(3) so donations are tax deductible if the donor itemizes his/her taxes.

Donations

NDAD is appreciative to the many donors that help support our mission. When you give to NDAD, 100% of your generous gift helps people with disabilities and health challenges. Please consider making a gift in one or more of the following categories:

- ✓ General donations
- ✓ Memorials given in memory of a loved one
- ✓ Donation of medical equipment
- ✓ Planned giving through estate planning or life insurance
- ✓ Donations designated for a specific disability or health condition

Direct Financial Assistance Program

Funds generated by NDAD pay for prescription medications, medical equipment and supplies, out-of-town medical travel expenses, home and vehicle accessibility, personal attendant care expenses, in-town accessible transportation fees, and adaptive recreational activities. Our guidelines restrict the use of these types of funds.

Healthcare Equipment Loan Program

Through H.E.L.P. (healthcare equipment loan program), individuals may borrow durable medical equipment for up to 90 days free of charge. There is no application process or financial qualification. NDAD's inventory includes: manual wheelchairs, power wheelchairs, walkers, scooters, canes, knee walkers, shower chairs, transfer tub benches, bed rails, toilet seat risers, commodes, and more.
